

## Cherry Brook Students Create "Messages of Hope"!

On Friday, January 22, approximately 75 students created "messages of hope" to be included with CureChiefs.

This event was organized by 2nd grader **Kaitlin Greco** in support of the ***Cure Chiefs Foundation***, a non-profit organization that provides kerchiefs for children who have lost their hair due to cancer treatments.

The efforts of the 75 students, 18 parent volunteers, and 10 staff volunteers shows just how caring the CBPS community is.

NBC 30 filmed part of the event, and you can view the newsclip by [clicking here](#).
