

# Welcome to Our Website

I would like to welcome you to the newly revised **Canton Schools Website** and hope that you will enjoy its content and ease of use. In today's very busy world the web provides one of the best mediums to supply information to our community's very active parents and residents. Obviously this is only one of many tools available, the best of course is your direct interaction with the teachers, administrators, and the people we serve, your children.

While this website is designed for quick access to district facts it also contains some of the most important building block documents of the Canton School system, for example:

- [\*\*The Strategic Plan\*\*](#)  
The comprehensive plan for the district which contains our vision and goals.
- [\*\*The Current Education Budget\*\*](#)  
A line-by-line accounting of how we spend your tax dollars.
- **Achievement Results**  
Benchmarks on how well we compare to other districts and where we need to improve.
  - [\*\*Canton's 2006 CAPT Reports Online\*\*](#)
  - [\*\*Understanding Canton's CMT Scores\*\*](#)
  - [\*\*CMT Addendum – Students' Scores at Goal and Advanced\*\*](#)
  - [\*\*Report on Reading at Cherry Brook Primary School - March 2007\*\*](#)
- [\*\*Brick by Brick Report\*\*](#)  
A spending analysis study of the district's 11 cost drivers and how we compare to other town's spending.

I would like to encourage you to spend sometime on the site and get familiar with the information available. Our hope is you will visit it often as we update it frequently.

We are proud of our children and in particular the educational gains we have made as a district. On behalf of the Board of Education thank you for all your support and being an advocate for Canton's kids.

Best Regards,

Lou Daniels  
Chairman, Canton Board of Education
