

## Parent Math Workshop, May 8, 2017

Are you curious about what your child is doing in math? Would you like to learn some of the strategies your child is using? Do you need help understanding the math your child is sharing with you?

We are offering grade band specific math workshops for parents May 8, 2017. Each session will focus on a few of the strategies taught in our math program. We will give you a chance to explore, discuss and try the strategies yourselves. The strategies will be different from the ones explored in the fall.

The sessions are offered both during the day and in the evening to try to accommodate your busy schedules. Please click on the link to RSVP if you would like to attend so that we can have enough materials prepared for you.

Time has been built in to allow parents with more than one child to attend multiple break-out sessions.

### **Kindergarten, Grade 1 and Grade 2**

Monday, May 8, 9-10:30 am or 6:00-7:30 pm

Morning session will take place at Cherry Brook Primary School

Evening session will take place at Canton Intermediate School

### **Grade 3, Grade 4 and Grade 5**

Monday, May 8, 1:00-2:30 pm or 6:00-7:30 pm

All sessions will take place Canton Intermediate School
